

§ 300.6 Labels to be avoided.

Stamps, tags, labels, or other marks of identification, which are insecurely attached, or which in the course of offering the product for sale, selling, reselling, transporting, marketing, or handling incident thereto are likely to become detached, indistinct, obliterated, illegible, mutilated, inaccessible, or inconspicuous, shall not be used.

§ 300.7 English language requirement.

All words, statements and other information required by or under authority of the Act and the rules and regulations thereunder to appear on the stamp, tag, label, or other mark of identification, shall appear in the English language. If the product bears any stamp, tag, label, or mark of identification which contains any of the required information in a language other than English, all of the required information shall appear both in such other language and in the English language.

§ 300.8 Use of fiber trademark and generic names.

(a) Except where another name is required or permitted under the Act or regulations, the respective common generic name of the fiber shall be used when naming fibers in the required information; as for example, "wool," "recycled wool," "cotton," "rayon," "silk," "linen," "acetate," "nylon," "polyester."

(b) The generic names of manufactured fibers as heretofore or hereafter established in § 303.7 of this part (Rule 7) of the regulations promulgated under the Textile Fiber Products Identification Act (72 Stat. 1717; 15 U.S.C. 70) shall be used in setting forth the required fiber content information as to wool products.

(c) A non-deceptive fiber trademark may be used on a label in conjunction with the generic name of the fiber to which it relates. Where such a trademark is placed on a label in conjunction with the required information, the generic name of the fiber must appear in immediate conjunction therewith, and such trademark and generic name must appear in type or lettering of equal size and conspicuousness.

(d) Where a generic name or a fiber trademark is used on any label, wheth-

er required or nonrequired, a full and complete fiber content disclosure with percentages shall be made on such label in accordance with the Act and regulations.

(e) If a fiber trademark is not used in the required information, but is used elsewhere on the label as nonrequired information, the generic name of the fiber shall accompany the fiber trademark in legible and conspicuous type or lettering the first time the trademark is used.

(f) No fiber trademark or generic name or word, coined word, symbol or depiction which connotes or implies any fiber trademark or generic name shall be used on any label or elsewhere on the product in such a manner as to be false, deceptive, or misleading as to fiber content, or to indicate directly or indirectly that a wool product is composed wholly or in part of a particular fiber, when such is not the case.

(g) The term *fur fiber* may be used to describe the hair or fur fiber or mixtures thereof of any animal or animals other than the sheep, lamb, Angora goat, Cashmere goat, camel, alpaca, llama and vicuna. If the name, symbol, or depiction of any animal producing the hair or fur fiber is used on the stamp, tag, label, or other means of identification applied or affixed to the wool product, the percentage by weight of such hair or fur fiber in the total fiber weight of the wool product shall be separately stated in the required fiber content disclosure: *Provided*, That no such name, symbol or depiction shall be used where such hair or fur fiber is present in the amount of less than five per centum of the total fiber weight. No such name, symbol or depiction shall be used in such a way as to imply in any manner that a wool product contains the fur or hair of an animal when the hair or fur fiber of such animal is not present in the product in the amount of five per centum or more of the total fiber weight. The following are examples of fiber content disclosures under this paragraph:

60% Wool
40% Fur Fiber
or
60% Wool
30% Fur Fiber
10% Angora Rabbit

§ 300.9 Abbreviations, ditto marks, and asterisks.

(a) In disclosing required information, words or terms shall not be designated by ditto marks or appear in footnotes referred to by asterisks or other symbols in required information, and shall not be abbreviated.

(b) Where the generic name of a textile fiber is required to appear in immediate conjunction with a fiber trademark, a disclosure of the generic name by means of a footnote, to which reference is made by use of an asterisk or other symbol placed next to the fiber trademark, shall not be sufficient in itself to constitute compliance with the Act and regulations.

§ 300.10 Disclosure of information on labels.

(a) Subject to the provisions of § 300.5(b), the required information may appear on any label or labels attached to the product, including the care label required by 16 CFR part 423, provided all the pertinent requirements of the Act and regulations in this part are met and so long as the combination of required information and non-required information is not misleading. All parts of the required information shall be set forth in such a manner as to be clearly legible, conspicuous, and readily accessible to the prospective purchaser. All parts of the required fiber content information shall appear in type or lettering of equal size and conspicuousness.

(b) Subject to the provisions of § 300.8, any non-required information or representations placed on the product shall not minimize, detract from, or conflict with required information and shall not be false, deceptive, or misleading.

[63 FR 7517, Feb. 13, 1998]

§ 300.11 Improper methods of labeling.

The stamp, tag, label, or other mark of identification required under the act, or the required information contained therein, shall not be minimized, rendered obscure or inconspicuous, or be so placed as likely to be unnoticed or unseen by purchasers and purchaser-consumers when the product is offered or displayed for sale or sold to purchasers or the consuming public, by reason of, among others:

(a) Small or indistinct type.

(b) Failure to use letters and numerals of equal size and conspicuousness in naming all fibers and percentages of such fibers as required by the act.

(c) Insufficient background contrast.

(d) Crowding, intermingling, or obscuring with designs, vignettes, or other written, printed or graphic matter.

§ 300.12 Labeling of pairs or products containing two or more units.

(a) Where a wool product consists of two or more parts, units, or items of different fiber content, a separate label containing the required information shall be affixed to each of such parts, units, or items showing the required information as to such part, unit, or item, provided that where such parts, units, or items, are marketed or handled as a single product or ensemble and are sold and delivered to the ultimate consumer as a single product or ensemble, the required information may be set out on a single label in such a manner as to separately show the fiber composition of each part, unit, or item.

(b) Where garments, wearing apparel, or other wool products are marketed or handled in pairs or ensembles of the same fiber content, only one unit of the pair or ensemble need be labeled with the required information when sold and delivered to the ultimate consumer.

(c) Where parts or units of wool products of the types referred to in paragraphs (a) and (b) of this section are sold separately, such parts or units shall be labeled with the information required by the Act and regulations.
